

WELCOME TO CEEWA EMPOWERMENT RESOURCE CENTER

OUR MISSION

To provide information and training services that enable higher and gainful employment of professionals and business persons through enhanced knowledge, competencies and skills in using electronic communication facilities, visual aids, experience sharing and local talent.

Are you a professional woman, an entrepreneur, a gender advocacy organization, a business association or any other individual interested in a similar service? Look no further. It's all here:

- Accessing the internet
- Doing research and documentation
- Net working.

Do you want to cope with the fast changing technology and use it accordingly? If yes, we have the real stuff for you.

Come lets grow together!

WHO ARE WE?

We are a service center providing the following:

1. Electronic Information Access (ELIA)
2. A print Library
3. Empowerment Sessions,
4. Secretarial services
5. Communication services
6. Computer training
7. Entrepreneurship development
8. Business management skills
9. Consultancy

OUR SERVICES

Use of Internet Technologies and other computer packages

We offer training on accessing the Internet and using other computer packages like Access, Ms Excel and Ms Word at your convenient time.

Women learning computer skills

Establishment of an empowerment studio

The empowerment studio is a one-stop center where women, youth and the general public get practical skills on "how to do things

themselves". At the studio, users watch videos, slide shows of successful female traders, negotiators and managers. Communication and advocacy skills, making effective public speeches, presentation of working papers, chairing of meetings are some of the subjects visualized.

Participants attending a session on power presence, etiquette and dressing

The Print Library

The centre hosts a library which contains materials on micro finance, women and trade, case studies from all over the world on micro finance and poverty reduction, gender issues, various reports as well as information on various government plans and systems among others. *Below Members of the public using the ERC Library*

RESULTS EXPECTED

- Increased access to internet information
- Increased connections, Linkages and net works
- Higher skills levels
- Greater out reach of economic empowerment
- New economic initiatives
